

Effort Tracking Report for Term 2 2025

Khia Santos - Year 7

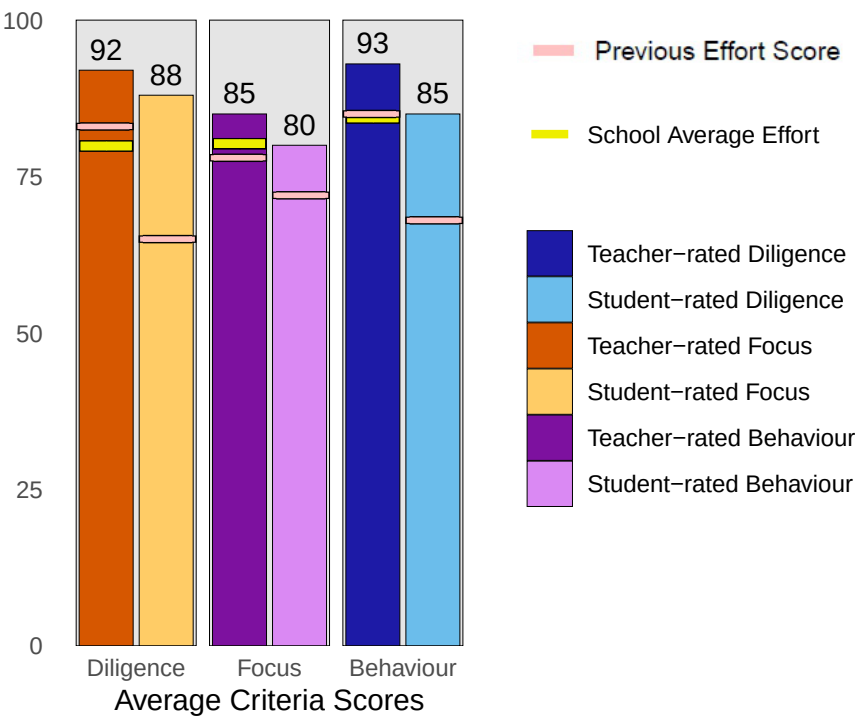

Effort Scores

The bar charts below show Khia’s effort scores averaged across all subjects. The height of the bars and number displayed above them represent Khia’s effort scores out of 100. The chart to the left is Khia’s overall effort score for this reporting period. The chart to the right shows the breakdown of this effort score by the three effort criteria: Diligence, Focus, and Behaviour. Teacher-rated effort scores are indicated by the left-hand side bars in each grey box. Khia’s own self-ratings of effort (where completed) are shown on the right-hand side bars in each grey box and labelled as student-rated effort scores. The average effort scores for all students in the school are shown by the yellow reference bars (which are only displayed for teacher-rated effort scores). If a pink reference bar is displayed, it shows Khia’s effort score for the previous reporting period.
